

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

The “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998,” commonly referred to as the “Clery Act,” requires institutions of higher education receiving federal financial aid to report specified crime statistics on college campuses and areas within the same reasonably contiguous geographic area of college campuses, and to provide other safety and crime information to members of the campus community.

The Executive Director for Academic and Student Affairs/Title IX Coordinator publishes this report to inform the Pittsburgh Institute of Aeronautics – Myrtle Beach Branch Campus community about campus policies and initiatives to prevent and respond to crime and emergencies, and the occurrence of crime on campus. This report complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and uses information maintained by local law enforcement, as well as information provided by other PIA offices such as Student Services. Each of these entities provides updated policy information and/or crime data. This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings, and on property owned, leased or controlled by PIA. This report also includes institutional policies concerning campus security, such as policies regarding sexual violence, alcohol, and other drugs. Additionally, PIA includes a copy of the Student Emergency Action Plan as part of the Annual Security Report to ensure all students and employees are aware of all safety efforts and policies. By October 1 of each year, PIA distributes a notice of the availability of this Annual Security Report to every member of the campus community.

*You are reminded that the Pittsburgh Institute of Aeronautics sits under the law enforcement jurisdiction of the Myrtle Beach Police Department, reached by dialing 9-1-1 (or 9-9-1-1 from any PIA telephone).*

*You are encouraged as a member of our campus community to report any criminal activity or emergency situation immediately to a PIA administrator and/or Myrtle Beach Police Department.*

### Timely Warning Procedures

Any campus incident is brought to the attention of the Campus Director, Lead Instructor, Director of Safety and Development, and Executive Director for Academic and Student Affairs. Should any crime (or a pattern of crimes) occur and pose a serious risk to PIA staff and students, President/CEO and/or Executive Director for Academic and Student Affairs will be briefed and release a timely warning concerning the situation. This warning will include incident information, excluding identities of victims or alleged actors, a review of crime reporting procedures, and tips to prevent another such occurrence. This timely warning may be distributed via PIA staff and student email, text messaging, signage in noticeable areas, intercom and/or verbal messages given in each classroom.

**What Is My Responsibility?**

PIA encourages accurate and prompt reporting of any criminal or emergency situations that occur on campus. PIA does not employ security or police officers. The Allegheny County Police Department holds jurisdiction over the Allegheny County Airport. PIA and ACP work together and have a good working relationship concerning the general safety and orderliness of the airport and school. PIA does not hold a Memorandum of Understanding (MOU) with ACP. In addition, PIA does not offer a program of voluntary reporting between itself and pastoral or professional counselors.

The institute is concerned that all situations involving criminal action, emergencies, or policy violations be reported promptly to a Campus Security Authority (CSA). The school actively participates in the United States Department of Education Student Right-to-Know and Campus Security Act. It is the obligation and responsibility of every employee and student to report any situation that falls into the categories specified as criminal action, emergencies, or policy violations. Students will be notified during orientation about specific security policies and concerns they should be aware of while attending PIA. Statistics concerning criminal offenses reported under this Act are available upon request at the time of registration or request for school information.

**All PIA Faculty, Staff, and Students on PIA Facilities or Property:**

- PIA encourages accurate and prompt reporting of any criminal or emergency situations that occur on campus. PIA does not employ security or police officers. The Allegheny County Police Department holds jurisdiction over the Allegheny County Airport. PIA and ACP work together and have a good working relationship concerning the general safety and

Pittsburgh Institute of Aeronautics

orderliness of the airport and school. PIA does not hold a Memorandum of Understanding (MOU) with ACP. In addition, PIA does not offer a program of voluntary reporting between itself and pastoral or professional counselors.

- All situations involving criminal action, emergencies, or policy violations should be reported promptly to a Campus Security Authority (CSA). It is the obligation and responsibility of every employee and student to report any situation that falls into the categories specified as criminal action, emergencies, or policy violations.
- PIA seeks to protect those that report a crime to an appropriate authority, participate in any investigation, hearing, or inquiry, participate in a court proceeding relating to an allegation of suspected wrongful conduct at the PIA from retaliation. No reporter making a report "in good faith" will be retaliated against, and all reports will be taken seriously.

**All PIA Visitors on PIA Facilities or Property:**

- Promptly report any activity that is perceived as criminal, potentially dangerous or suspicious to a Campus Security Authority (CSA).

**PIA Title IX Coordinator:**

- Compile and disclose statistics of reports on the types of Clery Crimes reported for the PIA's campuses, the immediately adjacent public areas and public areas running through the campuses.
- Collect reports of Clery Crimes made to local law enforcement, PIA officials and others associated with the PIA who have significant responsibility for student and campus activities.
- Create and publish an annual report to the Department of Education disclosing statistics of Clery Crimes reported over the past three years, as well as PIA policies and procedures addressing campus security and safety.
- Annually disclose/report, to the campus community and the public:
  - Crime data (by type);
  - Security policies and procedures in place to protect the community; and
  - Information on the handling of threats, emergencies and dangerous situations.
- Provide regular, mandatory training for all CSAs.
- Work with PIA departments to establish Clery Act-related educational programs and promotion of safety awareness programs.

**Campus Security Authorities (CSAs):**

- Hear/receive information of alleged crimes that are reported to them in good faith by others, or report alleged crimes that they may personally witness. Under the Clery Act, a crime is "reported" when it is brought to the attention of a campus security authority by a victim, witness, other third party or even the offender. It doesn't matter whether or not the individuals involved in the crime, or reporting the crime, are associated with PIA.

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

- Issue "timely warnings" alerts to the campus and surrounding community about Clery Crimes.
- Issue "emergency notifications" to the campus and surrounding community when deemed necessary and appropriate.
- Work with the Title IX Coordinator to establish Clery Act-related educational programs and promotion of safety awareness programs.

All facilities of the school are under the supervision of staff members any time they are open to students or the public. Immediate reporting of situations involving security concerns is critical. The following procedures specify the reporting policy in facilities of the institute.

1. Report all situations to the instructor or staff member.
2. A situation may be immediately reported to any instructor or staff member available to the person reporting.
3. All situations will be forwarded along with investigative information to the Director or their delegated representative.
4. The School will promptly investigate any situation reported. Where policies or procedures of the Institute are violated, corrective action will be applied to resolve the situation. If the situation involves a violation of law or an emergency requiring the assistance of government agencies, the Director or their designated representative will request such assistance.

### Campus Facilities

Door access pads begin operating 30 minutes before class start. An administrator is appointed to supervise campus operations and maintains security and safety needs of the campus.

Myrtle Beach Main Building	Margaret Skalican Campus Director	843-238-2700
----------------------------	--------------------------------------	--------------

Staff members constantly monitor safety conditions (to include lighting) within PIA buildings and grounds.

### Emergency Evacuation and Notification

The following evacuation procedures are in effect for all PIA buildings. To assure student's safety and the safety of others, everyone is expected to abide by these procedures whenever it becomes necessary to evacuate any PIA building. Please review the attached Emergency Action Plan for additional evacuation information.

Posted in each classroom, shop, and laboratory are Emergency Evacuation Charts. Familiarize yourself with the evacuation route indicated on the chart. Learn it before you need it.

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

Emergency Notifications could be provided via text message, PA system, alarm, or other digital communication. The alarm to evacuate an area is one long steady tone emanating from either the class change bell or fire alarm horn. Upon hearing the signal, the student will:

1. Turn off any equipment being operated.
2. Proceed in a calm and orderly manner to the Evacuation route selected by the instructor in charge.
3. WALK QUICKLY along the Evacuation Route.
4. Remain with the class. Roll call will be taken by the instructor, who **MUST** be able to account for every student.
5. No smoking permitted during evacuation.

Student safety and the safety of others depend on cooperation. Each individual will be held accountable for misconduct during an emergency evacuation or a routine evacuation drill.

### **Awareness**

All students are alerted to Myrtle Beach Police Department jurisdiction during the orientation process. Newly hired employees receive a copy of the annual security report on the first day of work. All staff and students receive photo ID that must be visible inside the building. Security is everyone's concern and should an event or pattern of events unbalance the peace of our campus, PIA will activate the timely warning procedure to alert the campus community to the current event and offer tips to avoid future incidents.

Students are informed of campus security procedures and practices, encouragement to be responsible for their own security and the security of others, preventing dating violence, domestic violence, sexual assault, and stalking, is provided during student orientation or first week of classes. This presentation is made by the Executive Director for Academic and Student Affairs and/or Campus Director and provides information concerning reporting crimes and local law enforcement. New employees are given an explanation of campus security procedures and practices and also encouraged to be responsible for their own security and the security of others by the Campus Director and/or Executive Director for Academic and Student Affairs. Additionally, all incoming students complete two online training sessions using the Everfi learning platform. This includes: "Sexual Assault Prevention for Community College" and "Diversity, Equity and Inclusion for Students".

Ongoing prevention and awareness is conducted through PIA's participation in Sexual Violence Awareness Month (April), various poster campaigns, and annual email notifications/reminders of PIA's policies and procedures.

Student and new employees are provided information regarding counseling services provided by Washington EAP during orientation or new hire training.

PIA does not currently have any off-campus organizations.

### **Alcohol Policy**

Alcoholic beverages are not to be brought onto PIA owned or leased premises, nor consumed there at any time. Employees/Students reporting or returning to work whose behavior

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

reflects the consumption of alcoholic beverages may be referred for a medical evaluation (see No.1, Medical Evaluations) to determine fitness for work/ classes and/ or can be sent home by commercial transportation by PIA officers, pending determination of appropriate action.

The drinking of alcoholic beverages during work hours is prohibited, whether on or off company property. Where such use of drugs adversely affects the employee's job performance or the student's learning activities, it is in the best general interest of the employee, student, and PIA that the employee be relieved of his/her job duties and that the student be suspended from school. In the event of an accident, the Company reserves the right to require drug and alcohol testing.

Drinking during meal breaks is not appropriate. Even minimal consumption of alcohol may have a negative effect on individual functioning after returning to class/ school (alcohol is a depressant) and therefore is of concern to PIA.

### ***Policy and Procedure***

#### **1. Medical Evaluations:**

When there is probable cause, an employee/student may be asked to report to a PIA designated physician or medical clinic for a fitness-for duty class examination. This will involve appropriate testing, including

Possible urine or blood screens as determined by the physician. Employees/ students are advised that such tests may be administered, and that they will be asked to authorize the release of such test results to PIA. Employees/students are advised the decision to go for a medical evaluation is voluntary, but if the examination is refused the employee/student will be sent home. Refusal may result in termination.

#### **2. Actual Observation of Drug Transaction:**

It is very important that supervisors fulfill their role as supervisors representing PIA, and not assume the role of law enforcement officers. In the case of illegal possession, transfer or sale of narcotics or other drugs, there are specific legal requirements which must be met to obtain a conviction. A supervisor having questions about suspected drug trafficking is required to immediately contact school officials.

Supervisors can and should ask questions about any curious or unusual behavior. It is very important that supervisors not make accusations, but they should ask questions. Treat information in such situations as confidential to protect employees/students in and away from Pittsburgh Institute of Aeronautics.

#### **3. Evidence Collection:**

Supervisors or other employees are not to initiate or conduct searches of any persons or their property. Searches can only be authorized by school officers.

Questions may and should be asked. A supervisor can ask to see, for example, what is in a tool box, locker, package, lunch box, brief case or desk, but cannot force disclosure. A person cannot be detained or searched against his/her will.

Should an employee or student come into possession of suspected drugs, school officers should be notified immediately to arrange for testing by an appropriate official for disposition. This policy is not intended to restrict the immediate notification of police or other appropriate authorities when the situation demands their immediate intervention. In circumstances where

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

behavior requires that a person be restrained or removed from PIA premises, the supervisor should contact local law enforcement authorities.

4. Documentation:

Records pertaining to performance, attendance, and behavior will be maintained in the employee's student's file. NO reference to alcohol or other drug problems as a medical diagnosis will appear in personnel files; this does not preclude documenting behavior associated with alcohol or other drugs, such as slurred or incoherent speech, stumbling, smelling of alcohol, found possessing alcohol or other drugs, etc. All formal records concerning the dependency will be kept in the EAP only.

### **Legal Sanctions Concerning Unlawful Alcohol Use**

### **Drug Policy**

Drugs are not to be brought onto PIA owned or leased premises, nor consumed there at any time, except as medically necessary. Employees/Students reporting or returning to work whose behavior reflects the consumption of drugs may be referred for a medical evaluation (see No.1, Medical Evaluations) to determine fitness for work/ classes and/ or can be sent home by commercial transportation by PIA officers, pending determination of appropriate action.

The sale, purchase, transfer, use, or possession of illegal drugs will result in disciplinary action up to and including termination. An appropriate law enforcement authority will be notified when applicable, as determined by PIA officers.

Using drugs, other than for medical reasons, during work hours is prohibited, whether on or off company property. When prescribed or over-the-counter drugs may affect behavior and/ or performance, employees/students are encouraged to advise their supervisor that they are taking such drugs for medical reasons, and medical evaluation may be required. Where such use of drugs adversely affects the employee's job performance or the student's learning activities, it is in the best general interest of the employee, student, and PIA that the employee be relieved of his/her job duties and that the student be suspended from school. In the event of an accident, the Company reserves the right to require drug and alcohol testing.

Using drugs during meal breaks is not appropriate. Even minimal consumption of alcohol may have a negative effect on individual functioning after returning to class/ school (alcohol is a depressant) and therefore is of concern to PIA.

### ***Policy and Procedure***

1. Medical Evaluations:

When there is probable cause, an employee/student may be asked to report to a PIA designated physician or medical clinic for a fitness-for duty class examination. This will involve appropriate testing, including possible urine or blood screens as determined by the physician.

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

Employees/ students are advised that such tests may be administered, and that they will be asked to authorize the release of such test results to PIA. Employees/students are advised the decision to go for a medical evaluation is voluntary, but if the examination is refused the employee/student will be sent home. Refusal may result in termination.

2. Actual Observation of Drug Transaction:

It is very important that supervisors fulfill their role as supervisors representing PIA, and not assume the role of law enforcement officers. In the case of illegal possession, transfer or sale of narcotics or other drugs, there are specific legal requirements which must be met to obtain a conviction. A supervisor having questions about suspected drug trafficking is required to immediately contact school officials.

Supervisors can and should ask questions about any curious or unusual behavior. It is very important that supervisors not make accusations, but they should ask questions. Treat information in such situations as confidential to protect employees/ students in and away from Pittsburgh Institute of Aeronautics.

3. Evidence Collection:

Supervisors or other employees are not to initiate or conduct searches of any persons or their property. Searches can only be authorized by school officers.

Questions may and should be asked. A supervisor can ask to see, for example, what is in a tool box, locker, package, lunch box, brief case or desk, but cannot force disclosure. A person cannot be detained or searched against his/her will.

Should an employee or student come into possession of suspected drugs, school officers should be notified immediately to arrange for testing by an appropriate official for disposition. This policy is not intended to restrict the immediate notification of police or other appropriate authorities when the situation demands their immediate intervention. In circumstances where behavior requires that a person be restrained or removed from PIA premises, the supervisor should contact local law enforcement authorities.

4. Documentation:

Records pertaining to performance, attendance, and behavior will be maintained in the employee's student's file. NO reference to alcohol or other drug problems as a medical diagnosis will appear in personnel files; this does not preclude documenting behavior associated with alcohol or other drugs, such as slurred or incoherent speech, stumbling, smelling of alcohol, found possessing alcohol or other drugs, etc. All formal records concerning the dependency will be kept in the EAP only.

#### **Alcohol and Drug Prevention**

PIA offers programming during orientation that covers the dangers and repercussions of alcohol and drug abuse. Information concerning Washington EAP Services and the EAP's role for PIA students is presented on the first day of class to the students. This relationship continues until the student graduates. Students also receive training concerning drugs in the workplace in later terms of their program as they approach graduation and employment. Additionally, PIA's provides training to all incoming students using the EverFi learning platform. This training is entitled: "AlcoholEdu for College".

#### **Parental Notification Policy**

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

PIA, under the guidelines of the Family Educational Rights and Privacy Act (FERPA), notifies parents and families in specific instances where a student accepts responsibility, or is found responsible, for a violation of an alcohol or drug policy or receives a sanction that may impact their status as a student. Parental notification is intended to involve families in the total educational experience of the student and to provide an opportunity for conversation between students and their parents/legal guardians about the experience or incident that was a violation of the Code of Conduct.

### **Student Education**

Each new class receives training in the awareness, severity, and consequences of sexual offenses including sexual assault, dating violence, domestic violence, stalking and other required topics as set forth in the Clery Act and Violence Against Women Act. If a student misses orientation, a letter about the topic and follow-up information is sent to the student. Additionally, all incoming students complete two online training sessions using the Everfi learning platform. This includes: “Sexual Assault Prevention for Community College” and “Diversity, Equity and Inclusion for Students”.

### **Sex Offense Policy**

1. PIA prohibits all forms of sexual harassment as required by Title IX of Education Amendments of 1972. This includes but is not limited to Dating Violence, Domestic Violence, Sexual Assault, and Stalking.
2. The following definitions apply under this Policy:
  - a. A “complainant” is an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
  - b. A “respondent” is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
  - c. A “report of sexual harassment” is a complaint reported to the Title IX Coordinator, or to Campus Director/Dean of Academic Affairs who then gives notice as required to the Title IX Coordinator. A report may be oral and informal. The complainant may file a formal complaint at the same time as making a report or may later proceed to file a formal complaint.
  - d. A “formal complaint” is a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

PIA investigate the allegation of sexual harassment. The filing of a formal complaint triggers PIA’s complaint resolution process.

3. Reporting:

- a. If a student is a victim of sexual harassment, the student should immediately contact local police. If the student feels more comfortable contacting a school official, the following two administrators have been selected to receive and proceed in such events.

Campus Director	843-238-2700	mskalican@pia.edu
Executive Director for Academic and Student Affairs/Title IX Coordinator	412-346-2175	jmongan@pia.edu

- b. Victims are encouraged to preserve evidence of the offense. The victim is asked to maintain clothing, surroundings, and even to avoid showering prior to an official medical examination, if possible.
- c. Upon receiving a report of sexual harassment, PIA will offer supportive measures to the complainant and the respondent, as appropriate, as reasonably available, and without fee or charge. The Title IX Coordinator will promptly contact the parties confidentially to discuss the availability of supportive measures, consider the parties’ wishes with respect to supportive measures, inform the parties of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.
- d. Supportive measures will include non-punitive and non-disciplinary individualized services that are designed to ensure equal educational access, protect safety, or deter sexual harassment without being unduly burdensome to the other party. Supportive measures are coordinated by the Title IX Coordinator and, among other things, may include:
  - i. academic support services and accommodations, including the ability to reschedule exams and assignments, transfer course sections, or withdraw from courses without penalty;
  - ii. assistance in connecting to community-based counseling services;
  - iii. assistance in connecting to community-based medical services;
  - iv. assistance with obtaining personal protective orders;
  - v. mutual restrictions on communication or contact between the parties; or
  - vi. a combination of any of these measures.
- e. Notwithstanding any other provisions of this Title IX Policy, PIA may remove a respondent from an educational program or activity on an emergency basis if PIA undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of a student or other individual justifies

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

removal, and provides respondent with notice and an opportunity to challenge the decision immediately following the removal. PIA also may place a non-student employee respondent on administrative leave during the pendency of the complaint resolution process.

- f. All victims are encouraged to contact local law enforcement to report crimes such as these. In addition, all students are also encouraged to seek out the services of Washington EAP Services by calling 1-800-EAP-LINK for confidential counseling.
- g. Any alleged victim should contact school administration to ask for accommodation or protective measures concerning changes to the victim's academic plan, if necessary. Accommodation or protective measures provided to victim will remain confidential to the extent that maintaining such confidentiality would not impair the ability of PIA to provide the accommodation or protective measures.
- h. A complainant may, but is not required to, file a formal complaint that will initiate PIA's complaint resolution process, including an investigation. The complainant's wishes will be respected regarding whether PIA investigates, except that the Title IX Coordinator may sign a formal complaint to initiate an investigation over the wishes of the complainant if the Title IX Coordinator determines that such action is not clearly unreasonable in light of the known circumstances.
- i. Unless the formal complaint resolution process results in a determination that a respondent was responsible, PIA will not impose disciplinary actions or take any other actions under this Policy that are not supportive measures. PIA will not restrict the rights of any person, including the subject of a report filed with the Title IX Coordinator, that are protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.
- j. If the allegations in a formal complaint are not within the scope of this Policy because they do not meet the Title IX definition of sexual harassment, or because the alleged activities did not occur in PIA's education program or activity against a person in the United States, then PIA must dismiss the formal complaint for purposes of Title IX. In such case, PIA will promptly send written notice of the decision to dismiss the complaint and the reasons for such decision to both parties. Even if the formal complaint is dismissed, however, PIA still may address the allegations as potential violations of the PIA's Code of Conduct or other policies.
- k. In the event of a sexual offense on-campus, PIA will notify local law enforcement in a timely manner.

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

4. The Title IX Coordinator will designate one or more individuals to investigate the formal complaint (i.e., the Investigator). The Investigator will begin an investigation as soon as practicable and generally not later than 10 business days after the written notice of the formal complaint was delivered to all parties. The Investigator, however, will ensure that the respondent receives sufficient time to prepare prior to any initial interview.
  - a. The respondent will be informed in writing of the allegation being made against them and will be informed in writing of their rights and options.
  - b. Both the respondent and the complainant will have the same opportunities to present their case including the presentation of any evidence or witnesses.
  - c. Both the respondent and the complainant will have the same opportunities to have others present during the proceedings.
  - d. Both the respondent and the complainant will have the same access to information used in the investigation or hearings and will be afforded sufficient time to prepare for any interview or hearing.
  - e. Both the respondent and the complainant will be informed of the final decision with respect to the alleged sex offense and any sanctions imposed against the respondent.
5. At any time after a formal complaint has been filed, if the Title IX Coordinator believes that the complaint may be amenable to informal resolution, the Title IX Coordinator will give notice to the parties of their ability to choose an informal resolution option. However, an informal resolution process may not be used to resolve allegations that an employee sexually harassed a student. Further, an informal resolution process may not be offered unless a formal complaint has been filed.
6. When a complaint is not resolved informally, the Title IX Coordinator will notify the parties and help to make any needed accommodations for the formal hearing. At any time prior to a final determination at the end of the formal hearing, the complainant and respondent can choose to accept an informal resolution decision previously offered. Each party must give written, voluntary agreement to the previously offered informal resolution decision, after which the decision is finalized, and the hearing is terminated.
  - a. The Decision-maker(s) will strive to issue the written determination regarding responsibility within 14 days after the hearing. Either party may appeal the determination by filing a written appeal, as described below, within 10 business days after receipt of the determination regarding responsibility. If no appeal is filed, the determination regarding responsibility becomes final 10 business days from the date of delivery to the parties.

Pittsburgh Institute of Aeronautics  
Annual Security Report-Myrtle Beach 2022

7. The Title IX Coordinator is responsible for effective implementation of any sanctions or remedies required by the determination of responsibility. The list of potential sanctions or remedies includes one or more of the following:
  - a. For Students:
    - i. Written warning
    - ii. No-contact orders
    - iii. Removal from specific courses or activities
    - iv. Disciplinary probation
    - v. Suspension
    - vi. Expulsion
    - vii. Transcript notation
  - b. For Employees:
    - i. Written warning
    - ii. Performance improvement plan
    - iii. Required training or education
    - iv. Loss of annual pay increase
    - v. Suspension with or without pay
    - vi. Termination
8. A student found guilty of any of the crimes stated on the above criminal statistics may face numerous PIA sanctions up to and including termination from the school.
