

Pittsburgh Institute of Aeronautics
Annual Security Report-Pittsburgh 2020

The Director of Education/Title IX Coordinator publishes this report to inform the Pittsburgh Institute of Aeronautics – Pittsburgh Main Campus community about campus policies and initiatives to prevent and respond to crime and emergencies, and the occurrence of crime on campus. This report complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and uses information maintained by local law enforcement, as well as information provided by other PIA offices such as Student Services. Each of these entities provides updated policy information and/or crime data. This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings, and on property owned, leased or controlled by PIA. This report also includes institutional policies concerning campus security, such as policies regarding sexual violence, alcohol, and other drugs. By October 1 of each year, PIA distributes a notice of the availability of this Annual Security Report to every member of the campus community. Due to COVID-19, The US Department of Education extended the annual reporting date to December 31, 2020.

You are reminded that the Pittsburgh Institute of Aeronautics sits on the Allegheny County Airport under the law enforcement jurisdiction of the Allegheny County Police, reached by dialing 9-1-1 (or 9-9-1-1 from any PIA telephone).

You are encouraged as a member of our campus community to report any criminal activity or emergency situation immediately to a PIA administrator, instructor, and/or Allegheny County Police.

Timely Warning Procedures

Any campus incident is brought to the attention of the Director of Campus Operations and Director of Education. Should any crime (or a pattern of crimes) occur and pose a serious risk to PIA staff and students, the President/CEO will be briefed and will release a timely warning concerning the situation. This warning will include incident information, excluding identities of victims or alleged actors, a review of crime reporting procedures, and tips to prevent another such occurrence. This timely warning may be distributed via PIA staff and student email, signage in noticeable areas, and verbal messages given in each classroom.

Who Do I Contact?

Criminal activity should be reported to a Campus Security Authority (CSA) listed below, however, activity can be reported to any PIA employee on campus.

Director of Campus Operations	Gary Hoyle ghoyle@pia.edu	X2141
Director of Education	Jason Mongan jmongan@pia.edu	X2175
Dean of Academic Affairs	Jason Pfarr jpfarr@pia.edu	X2168
Administrative Assistant/Receptionist	Amy Sommer asommer@pia.edu	X2101

PIA encourages accurate and prompt reporting of any criminal or emergency situations that occur on campus. PIA does not employ security or police officers. The Allegheny County Police Department holds jurisdiction over the Allegheny County Airport. PIA and ACP work together and have a good working relationship concerning the general safety and orderliness of the airport and school. PIA does not hold a Memorandum of Understanding (MOU) with ACP. In addition, PIA does not offer a program of voluntary reporting between itself and pastoral or professional counselors.

The institute is concerned that all situations involving criminal action, emergencies, or policy violations be reported promptly to the appropriate authority. The school actively participates in the United States Department of Education Student Right-to-Know and Campus Security Act. It is the obligation and responsibility of every employee and student to report any situation that falls into the categories specified as criminal action, emergencies, or policy violations. Students will be notified during orientation about specific security policies and concerns they should be aware of while attending PIA. Statistics concerning criminal offenses reported under this Act are available upon request at the time of registration or request for school information.

All facilities of the school are under the supervision of staff members any time they are open to students or the public. Immediate reporting of situations involving security concerns is critical. The following procedures specify the reporting policy in facilities of the institute.

1. Report all situations to the instructor or staff member.
2. A situation may be immediately reported to any instructor or staff member available to the person reporting.
3. All situations will be forwarded along with investigative information to the Director or his/her delegated representative.
4. The School will promptly investigate any situation reported. Where policies or procedures of the Institute are violated, corrective action will be applied to resolve the situation. If the situation involves a violation of law or an emergency requiring the assistance of government agencies, the Director or his/her designated representative will request such assistance.

Campus Facilities

A member of PIA’s administration or facilities staff will unlock the building completely at 7AM each school day. An administrator is appointed to supervise campus operations and looks after the security and safety needs of each.

Pittsburgh Campus All Buildings	Gary Hoyle Director: Campus Operations	412-346-2141
---------------------------------	---	--------------

A member of the Safety Committee does regular inspections of PIA buildings. In addition to this, Facilities personnel constantly monitor safety conditions (to include lighting) within each PIA building. The campus exterior is also equipped with multiple security cameras to assist in the monitoring and record of activities on school property. The PIA Pittsburgh Campus also has an annual safety inspection conducted by the West Mifflin Borough Emergency Management Agency.

Emergency Evacuation

The following evacuation procedures are in effect for all PIA buildings. To assure student’s safety and the safety of others, everyone is expected to abide by these procedures whenever it becomes necessary to evacuate any PIA building.

Posted in each classroom, shop, and laboratory are Emergency Evacuation Charts. Familiarize yourself with the evacuation route indicated on the chart. Learn it before you need it.

The alarm to evacuate an area is one long steady tone emanating from either the class change bell or fire alarm horn. Upon hearing the signal, the student will:

1. Turn off any equipment being operated.
2. Proceed in a calm and orderly manner to the Evacuation route selected by the instructor in charge.
3. WALK QUICKLY along the Evacuation Route.
4. Remain with the class. Roll call will be taken by the instructor, who MUST be able to account for every student.
5. No smoking permitted during drill.

Student safety and the safety of others depend on cooperation. Each individual will be held accountable for misconduct during an emergency evacuation or a routine fire drill.

Awareness

All students are alerted to Allegheny County Police jurisdiction on the first day of class (orientation). Newly hired employees receive a copy of the annual security report on the first day of work. All staff and students receive photo ID that must be visible inside the building. Security is everyone’s concern, and should an event or pattern of events unbalance the peace of our campus, PIA will activate the timely warning procedure to alert the campus community to the current event and offer tips to avoid future incidents.

Pittsburgh Institute of Aeronautics
Annual Security Report-Pittsburgh 2020

A program to inform students of campus security procedures and practices, encouragement to be responsible for their own security and the security of others, preventing dating violence, domestic violence, sexual assault, and stalking, is provided during student orientation or first week of classes. This presentation is made by the Director of Education and also provides information concerning reporting crimes and local law enforcement. New employees are given an explanation of campus security procedures and practices and also encouraged to be responsible for their own security and the security of others by the Education. Additionally, all incoming students complete two online training sessions using the Everfi learning platform. This includes: “Sexual Assault Prevention for Community College” and “Diversity, Equity and Inclusion for Students”.

Ongoing prevention and awareness is conducted through PIA’s participation in Sexual Violence Awareness Month (April), various poster campaigns, and annual email notifications/reminders of PIA’s policies and procedures.

Student and new employees are provided information regarding counseling services provided by Washington EAP during orientation or new hire training.

PIA does not currently have any off-campus organizations.

Alcohol Policy

Alcoholic beverages are not to be brought onto PIA owned or leased premises, nor consumed there at any time. Employees/Students reporting or returning to work whose behavior reflects the consumption of alcoholic beverages may be referred for a medical evaluation (see No.1, Medical Evaluations) to determine fitness for work/ classes and/ or can be sent home by commercial transportation by PIA officers, pending determination of appropriate action.

The drinking of alcoholic beverages during work hours is prohibited, whether on or off company property. Where such use of drugs adversely affects the employee's job performance or the student's learning activities, it is in the best general interest of the employee, student, and PIA that the employee be relieved of his/her job duties and that the student be suspended from school. In the event of an accident, the company reserves the right to require drug and alcohol testing.

Drinking during meal breaks is not appropriate. Even minimal consumption of alcohol may have a negative effect on individual functioning after returning to class/ school (alcohol is a depressant) and therefore is of concern to PIA.

Policy and Procedure

1. Medical Evaluations:

When there is probable cause, an employee/student may be asked to report to a PIA designated physician or medical clinic for a fitness-for duty class examination. This will involve appropriate testing, including

Possible urine or blood screens as determined by the physician. Employees/ students are advised that such tests may be administered, and that they will be asked to authorize the release of such test results to PIA. Employees/students are advised the decision to go for a medical evaluation is voluntary, but if the examination is refused the employee/student will be sent home. Refusal may result in termination.

2. Actual Observation of Drug Transaction:

Pittsburgh Institute of Aeronautics
Annual Security Report-Pittsburgh 2020

It is very important that supervisors fulfill their role as supervisors representing PIA, and not assume the role of law enforcement officers. In the case of illegal possession, transfer or sale of narcotics or other drugs, there are specific legal requirements which must be met to obtain a conviction. A supervisor having questions about suspected drug trafficking is required to immediately contact school officials.

Supervisors can and should ask questions about any curious or unusual behavior. It is very important that supervisors not make accusations, but they should ask questions. Treat information in such situations as confidential to protect employees/students in and away from Pittsburgh Institute of Aeronautics.

3. Evidence Collection:

Supervisors or other employees are not to initiate or conduct searches of any persons or their property. Searches can only be authorized by school officers.

Questions may and should be asked. A supervisor can ask to see, for example, what is in a tool box, locker, package, lunch box, brief case or desk, but cannot force disclosure. A person cannot be detained or searched against his/her will.

Should an employee or student come into possession of suspected drugs, school officers should be notified immediately to arrange for testing by an appropriate official for disposition. This policy is not intended to restrict the immediate notification of police or other appropriate authorities when the situation demands their immediate intervention. In circumstances where behavior requires that a person be restrained or removed from PIA premises, the supervisor should contact local law enforcement authorities.

4. Documentation:

Records pertaining to performance, attendance, and behavior will be maintained in the employee's student's file. NO reference to alcohol or other drug problems as a medical diagnosis will appear in personnel files; this does not preclude documenting behavior associated with alcohol or other drugs, such as slurred or incoherent speech, stumbling, smelling of alcohol, found possessing alcohol or other drugs, etc. All formal records concerning the dependency will be kept in the EAP only.

Legal Sanctions Concerning Unlawful Alcohol Use

Allegheny County

The Attorney General of Allegheny County uses the Crime Code of Pennsylvania as applicable legal sanctions.

Commonwealth of Pennsylvania

You cannot legally drink or purchase alcoholic beverages in Pennsylvania until you are 21 years of age. If you are caught buying, drinking, possessing, or transporting beer, wine, or liquor, you can be arrested. If convicted of underage drinking, you can be fined up to \$300, jailed up to 90 days, or both. In addition, you will have a criminal record and lose your driver's license for 90 days. Under Pennsylvania's Zero Tolerance Law, persons under 21 can be arrested and charged with a DUI even if their blood alcohol is .020 (any measurable amount of alcohol in your system).

If you are caught driving under the influence of alcohol (D.U.I.), it is a misdemeanor of the second degree, with a maximum penalty of up to \$5,000 and up to two years in jail. If you are tried

Pittsburgh Institute of Aeronautics

and convicted, you must pay a minimum of \$300 and spend at least 48 hours in jail and pay other legal fees. In addition, you will lose your license for at least three months, possibly up to a year.

Drug Policy

Drugs are not to be brought onto PIA owned or leased premises, nor consumed there at any time, except as medically necessary. Employees/Students reporting or returning to work whose behavior reflects the consumption of drugs may be referred for a medical evaluation (see No.1, Medical Evaluations) to determine fitness for work/ classes and/ or can be sent home by commercial transportation by PIA officers, pending determination of appropriate action.

The sale, purchase, transfer, use, or possession of illegal drugs will result in disciplinary action up to and including termination. An appropriate law enforcement authority will be notified when applicable, as determined by PIA officers.

Using drugs, other than for medical reasons, during work hours is prohibited, whether on or off company property. When prescribed or over-the-counter drugs may affect behavior and/ or performance, employees/students are encouraged to advise their supervisor that they are taking such drugs for medical reasons, and medical evaluation may be required. Where such use of drugs adversely affects the employee's job performance or the student's learning activities, it is in the best general interest of the employee, student, and PIA that the employee be relieved of his/her job duties and that the student be suspended from school. In the event of an accident, the Company reserves the right to require drug and alcohol testing.

Alcohol and Drug Prevention

PIA offers programming during orientation that covers the dangers and repercussions of alcohol and drug abuse. A Washington EAP Services representative speaks with each incoming class concerning substance abuse and the EAP's role for PIA students. This relationship continues until the student graduates. Students also receive training concerning drugs in the workplace in later terms of their program as they approach graduation and employment. Additionally, PIA provides training to all incoming students using the EverFi learning platform. This training is entitled: "AlcoholEdu for College".

Pittsburgh Institute of Aeronautics
Annual Security Report-Pittsburgh 2020

Parental Notification Policy

PIA, under the guidelines of the Family Educational Rights and Privacy Act (FERPA), notifies parents and families in specific instances where a student accepts responsibility, or is found responsible, for a violation of an alcohol or drug policy or receives a sanction that may impact their status as a student. Parental notification is intended to involve families in the total educational experience of the student and to provide an opportunity for conversation between students and their parents/legal guardians about the experience or incident that was a violation of the Code of Conduct.

Student Education

Each new class receives training in the awareness, severity, and consequences of sexual offenses including sexual assault, dating violence, domestic violence, stalking and other required topics as set forth in the Clery Act and Violence Against Women Act. If a student missed orientation, a letter about the topic and follow-up information is sent to the student. Additionally, all incoming students complete two online training sessions using the Everfi learning platform. This includes: “Sexual Assault Prevention for Community College” and “Diversity, Equity and Inclusion for Students”.

Sex Offense Policy

1. PIA prohibits all forms of sexual harassment as required by Title IX of Education Amendments of 1972. This includes but is not limited to Dating Violence, Domestic Violence, Sexual Assault, and Stalking.
2. The following definitions apply under this Policy:
 - a. A “complainant” is an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
 - b. A “respondent” is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
 - c. A “report of sexual harassment” is a complaint reported to the Title IX Coordinator, or to Campus Director/Dean of Academic Affairs who then gives notice as required to the Title IX Coordinator. A report may be oral and informal. The complainant may file a formal complaint at the same time as making a report or may later proceed to file a formal complaint.
 - d. A “formal complaint” is a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that

PIA investigate the allegation of sexual harassment. The filing of a formal complaint triggers PIA’s complaint resolution process.

3. Reporting:

- a. If a student is a victim of sexual harassment, the student should immediately contact local police. If the student feels more comfortable contacting a school official, the following two administrators have been selected to receive and proceed in such events.

Dean of Academic Affairs	412-346-2168	jpfarr@pia.edu
Director of Education/Title IX Coordinator	412-346-2175	jmongan@pia.edu

- b. Victims are encouraged to preserve evidence of the offense. The victim is asked to maintain clothing, surroundings, and even to avoid showering prior to an official medical examination, if possible.
- c. Upon receiving a report of sexual harassment, PIA will offer supportive measures to the complainant and the respondent, as appropriate, as reasonably available, and without fee or charge. The Title IX Coordinator will promptly contact the parties confidentially to discuss the availability of supportive measures, consider the parties’ wishes with respect to supportive measures, inform the parties of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.
- d. Supportive measures will include non-punitive and non-disciplinary individualized services that are designed to ensure equal educational access, protect safety, or deter sexual harassment without being unduly burdensome to the other party. Supportive measures are coordinated by the Title IX Coordinator and, among other things, may include:
 - i. academic support services and accommodations, including the ability to reschedule exams and assignments, transfer course sections, or withdraw from courses without penalty;
 - ii. assistance in connecting to community-based counseling services;
 - iii. assistance in connecting to community-based medical services;
 - iv. assistance with obtaining personal protective orders;
 - v. mutual restrictions on communication or contact between the parties; or
 - vi. a combination of any of these measures.
- e. Notwithstanding any other provisions of this Title IX Policy, PIA may remove a respondent from an educational program or activity on an emergency basis if PIA undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of a student or other individual justifies removal, and provides respondent with notice and an opportunity to challenge the

decision immediately following the removal. PIA also may place a non-student employee respondent on administrative leave during the pendency of the complaint resolution process.

- f. All victims are encouraged to contact local law enforcement to report crimes such as these. In addition, all students are also encouraged to seek out the services of Washington EAP Services by calling 1-800-EAP-LINK for confidential counseling.
 - g. Any alleged victim should contact school administration to ask for accommodation or protective measures concerning changes to the victim's academic plan, if necessary. Accommodation or protective measures provided to victim will remain confidential to the extent that maintaining such confidentiality would not impair the ability of PIA to provide the accommodation or protective measures.
 - h. A complainant may, but is not required to, file a formal complaint that will initiate PIA's complaint resolution process, including an investigation. The complainant's wishes will be respected regarding whether PIA investigates, except that the Title IX Coordinator may sign a formal complaint to initiate an investigation over the wishes of the complainant if the Title IX Coordinator determines that such action is not clearly unreasonable in light of the known circumstances.
 - i. Unless the formal complaint resolution process results in a determination that a respondent was responsible, PIA will not impose disciplinary actions or take any other actions under this Policy that are not supportive measures. PIA will not restrict the rights of any person, including the subject of a report filed with the Title IX Coordinator, that are protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.
 - j. If the allegations in a formal complaint are not within the scope of this Policy because they do not meet the Title IX definition of sexual harassment, or because the alleged activities did not occur in PIA's education program or activity against a person in the United States, then PIA must dismiss the formal complaint for purposes of Title IX. In such case, PIA will promptly send written notice of the decision to dismiss the complaint and the reasons for such decision to both parties. Even if the formal complaint is dismissed, however, PIA still may address the allegations as potential violations of the PIA's Code of Conduct or other policies.
 - k. In the event of a sexual offense on-campus, PIA will notify local law enforcement in a timely manner.
4. The Title IX Coordinator will designate one or more individuals to investigate the formal complaint (i.e., the Investigator). The Investigator will begin an investigation as soon as

practicable and generally not later than 10 business days after the written notice of the formal complaint was delivered to all parties. The Investigator, however, will ensure that the respondent receives sufficient time to prepare prior to any initial interview.

- a. The respondent will be informed in writing of the allegation being made against them and will be informed in writing of their rights and options.
 - b. Both the respondent and the complainant will have the same opportunities to present their case including the presentation of any evidence or witnesses.
 - c. Both the respondent and the complainant will have the same opportunities to have others present during the proceedings.
 - d. Both the respondent and the complainant will have the same access to information used in the investigation or hearings and will be afforded sufficient time to prepare for any interview or hearing.
 - e. Both the respondent and the complainant will be informed of the final decision with respect to the alleged sex offense and any sanctions imposed against the respondent.
5. At any time after a formal complaint has been filed, if the Title IX Coordinator believes that the complaint may be amenable to informal resolution, the Title IX Coordinator will give notice to the parties of their ability to choose an informal resolution option. However, an informal resolution process may not be used to resolve allegations that an employee sexually harassed a student. Further, an informal resolution process may not be offered unless a formal complaint has been filed.
6. When a complaint is not resolved informally, the Title IX Coordinator will notify the parties and help to make any needed accommodations for the formal hearing. At any time prior to a final determination at the end of the formal hearing, the complainant and respondent can choose to accept an informal resolution decision previously offered. Each party must give written, voluntary agreement to the previously offered informal resolution decision, after which the decision is finalized, and the hearing is terminated.
- a. The Decision-maker(s) will strive to issue the written determination regarding responsibility within 14 days after the hearing. Either party may appeal the determination by filing a written appeal, as described below, within 10 business days after receipt of the determination regarding responsibility. If no appeal is filed, the determination regarding responsibility becomes final 10 business days from the date of delivery to the parties.
7. The Title IX Coordinator is responsible for effective implementation of any sanctions or remedies required by the determination of responsibility. The list of potential sanctions or remedies includes one or more of the following:
