

REPORTING OF CRIMINAL ACTIVITY OR EMERGENCIES

Pittsburgh Institute of Aeronautics (PIA) is concerned that all situations involving criminal action, emergencies, or policy violations be reported promptly to the appropriate authority. PIA actively participates in the United States Department of Education Student Right-To-Know and Campus Security Act. It is the obligation and responsibility of every employee and student to report any situation that falls into the categories specified as criminal action, emergencies, or policy violations. Students will be notified during orientation about specific security policy concerns they should be aware of while attending PIA. Statistics concerning criminal offenses reported under this Act are available upon request at the time of registration or request for school information.

All facilities of PIA are under the supervision of staff members any time they are open to students or the public. Immediate reporting of situations involving security concerns is critical. The following procedures specify the reporting policy in facilities of **PIA - Pittsburgh Main Campus.**

1. A situation may be immediately reported to any instructor or staff member available to the person reporting.
2. All situations will be forwarded along with investigative information to the Director or a delegated representative.
3. PIA will promptly investigate any situation reported. Where policies or procedures of PIA are violated, corrective action will be applied to resolve the situation. If the situation involves a violation of law or an emergency requiring the assistance of government agencies, the Director or a designated representative will request such assistance.

HOW ARE OUR STUDENTS DOING?

The following information is provided to assist you in making the most informed decision to attend PIA, and serves as a component of the school's compliance with the Department of Education's Student Right-To-Know Act and the Campus Security Act.

CAMPUS CRIME REPORTING STATISTICS

The following statistics are made available upon request by a student, family member or prospective student. These statistics are for the reporting period of January 1, 2017 to December 31, 2017. The complete Annual Security Report can be obtained from the Admissions Department or Director of Education.

Statistics concerning the number of arrests and/or student disciplinary action for the following crimes occurring on campus for the reporting period of January 1, 2017 to December 31, 2017.

CATEGORY	NUMBER OF OFFENSES	CATEGORY	NUMBER OF OFFENSES
Liquor Law Violations	0	Illegal Weapons Possessions	0
Drug Law Violations	0		

PLACEMENT DISCLOSURE

During the period of 09-01-2014 to 08-31-2015, 109 new students enrolled. Of the 109 students enrolled, 93 students or 85% graduated from the AVIATION MAINTENANCE TECHNOLOGY PROGRAM and the AVIATION ELECTRONICS TECHNOLOGY PROGRAM or are scheduled to graduate within the time frame specified by the Department of Education.

Of the 93 students who graduated in June 2016 to April 2017, 8 students continued their education, and 1 international student returned to their country or origin. Of the remaining students, 5 graduates (or 56%) of the AET graduates and 63 (or 84%) of the AMT graduates have been placed in program-related jobs. The total percentage of graduates placed is 81%.

I have read and understood the above information relative to Pittsburgh Institute of Aeronautics' Campus Crime Report, campus security, graduation rate, and job placement.
